THE STATE OF NEW HAMPSHIRE HOLDERNESS TOWN WARRANT 1995

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House on Tuesday the fourteenth of March next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall not close earlier than seven o'clock in the afternoon to act upon the following subjects, the third and subsequent Articles to be acted upon commencing at seven o'clock in the evening of the following day, the fifteenth day of March, in the auditorium of the HOLDERNESS CENTRAL SCHOOL.

ARTICLE 1: To choose all Town Officers by official ballot.

1 Selectman	3 year term
1 Town Treasurer	1 year term
1 Overseer of Welfare	1 year term
1 Trustee of Trust Fund	3 year term
1 Supt. of Cemeteries	1 year term
1 Fire Ward	3 year term
2 Library Trustees	3 year term
1 Moderator	2 year term

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed.

ARTICLE 3: To accept the report of all Town Officers and Committees.

ARTICLE 4: To see if the Town will vote to add one alternate member to the Recreation Board to be appointed by the Selectmen to serve for a term of 2 years.

ARTICLE 5: To see if the town will vote to accept the sum of ten thousand dollars (\$10,000.) as an expendable trust from the White Oak Pond Association. The purpose of the trust is to repair and maintain the dam on White Oak Pond. The selectmen are to be the agent to expend the monies in the trust.

ARTICLE 6: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of constructing a recreational path in Town and raise and appropriate the sum of fifteen thousand dollars (\$15,000) to be placed in this fund. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 7: To see if the Town will vote to appropriate the sum of fifteen thousand dollars (\$15,000) for the construction of a recreation

path and to authorize the withdrawal from the recreational path capital reserve fund. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 8: To see if the Town will vote to authorize the selectmen to enter into a 5 year lease purchase agreement for a road grader for the Highway Department, and to raise and appropriate the sum of eighteen thousand six hundred dollars (\$18,600) for the first 6 months lease payments.

ARTICLE 9: To see if the Town will vote to appropriate the sum of one hundred thousand dollars (\$100,000.00) for the reconstruction of a section of Coxboro Road and to authorize the withdrawal of said funds from the capital reserve fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 10: To see if the Town will vote to appropriate the sum of seventeen thousand dollars (\$17,000.00) for engineering studies and construction designs for a Fire Station, Highway Dept. garage and Police Station and to authorize the withdrawal of said funds from the Land/Building Acquisition capital reserve fund. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 11: To see if the Town will vote to authorize the Selectmen to act as agents to expend the following Capital Reserve Funds: Highway Truck, Loader, and the Police Cruiser.

ARTICLE 12: To see if the Town will vote to raise and appropriate a sum of two hundred three thousand dollars (\$203,000.00) to be placed in the following designated Capital Reserve Funds.

Highway Truck	35,000
Loader	10,000
Police Cruiser	15,000
Fire Truck	30,000
Road Reconstruction	100,000
Town Hall	7,000
Conservation Commission	
Land Acquisition/Easement	2,000
Transfer Station closure	2,000
River St. sewer reconstruction	2,000

The Selectmen recommend the above figure. The Budget Committee recommends \$188,000. to be placed in Capital Reserve Funds.

ARTICLE 13: To see if the Town will vote to appropriate the sum of nineteen thousand eight hundred dollars (\$19,800) for a police cruiser and to authorize the withdrawal of said funds from the capital reserve fund created for this purpose. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of one million five hundred twenty two thousand three hundred fifty one dollars (\$1,522,351.00) which represents the posted operating budget. Said sum does include special and individual articles addressed. Recommended by the budget committee. The selectmen recommend \$1,538,001.

ARTICLE 15: To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devices made to the Town in trust for any public purpose, as permitted by RSA 31:19.

ARTICLE 16: To transact any other business that may legally come before the meeting.

Given under our hands this 22nd day of February in the year of our Lord nineteen hundred and ninety-five.

Harold Maybeck
Claudia Goodwin
Susan Webster
Holderness Board of Selectmen

We, the undersigned Selectmen of the Town of Holderness, New Hampshire do hereby certify that on the 22nd day of February, 1995 we posted an attested copy of the foregoing Warrant at the Holderness Town House, the Holderness Central School, the place of the meeting, and like copy of said Warrant at the Holderness Post Office, a public place in said Town of Holderness.

Dated this 22nd day of February, 1995.

Harold Maybeck
Claudia Goodwin
Susan Webster

STATE OF NEW HAMPSHIRE
GRAFTON, SS

Before me, the undersigned officer, personally appeared Susan C. Webster, Claudia Goodwin and Harold Maybeck whose names are subscribed to the foregoing Return of Posting, and made oath that the facts alleged therein are true.

Ellen King
Justice of the Peace

TOWN OF HOLDERNESS

TOWN MEETING - MARCH 8,9, 1994

At the annual Town Meeting of the Town of Holderness held on March 8 and March 9, 1994, the following business was transacted.

At 10:00 a.m. on Tuesday March 8, 1994, at the Holderness Town Hall, the Moderator, Ross V. Deachman convened the meeting and started the reading of the Warrant. After reading Articles 1 and 2, the Moderator declared the polls open. At 7:00 p.m. the polls were closed and ballots were counted. Results were announced and winners were declared by the Moderator.

At 7:00 p.m. on Wednesday, March 9, 1994 at the Holderness Central School the Meeting resumed. Moderator, Ross V. Deachman opened the meeting with the pledge of allegiance and by having a moment of silence for those residents who passed away during the year of 1993. The results of the town election which took place Tuesday, March 8, 1994 were announced by the Moderator.

ARTICLE 1: To choose all Town Officers by official ballot.

Howard W. Clement	had 143

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed.

#1: Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the town zoning ordinance as follows: Add the following definitions; Agriculture, Church, Civic Uses, Commercial Services, Commercial Storage Facility, Consumer Services, Day Care Center, Greenhouses, Kennel, Animal Boarding and Grooming, Light Industry, Motel-Lodging, Nursing Homes, Private Clubs, Professional Offices, Recreation Facility-Public, Recreational Vehicle/Travel Trailer, Rental Cottages, Retail Sales, Riding Stable, Sand & Gravel Excavation, Temporary Sawmill, Vehicle Service Station. (This is recommended by the Planning Board)

YES 128

NO 37

#2: Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the town zoning ordinance as follows: Add two provisions to the Waterfront right-of-way under Special Provisions "The establishment or expansion of salt storage yards, automobile junk yards and solid of hazardous waste facilities shall be prohibited within 250 feet of public waters, and "The installation of underground fuel storage tanks is prohibited within 250 feet of public water." (These are recommended by the Planning Board.)

YES 141

NO 25

#3: Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the town zoning ordinance as follows: Adding a Recreation Paragraph to the General Provisions. (This is recommended by the Planning Board.)

YES 133

NO 25

#4: Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the zoning ordinance as follows: Adding Consumer Services as permitted uses in all districts. Signs for Consumer Services will be the same as for Home Businesses. (This is recommended by the Planning Board.)

YES 127

NO 38

#5: Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the zoning ordinance as follows: Adding Commercial Services as a permitted use in the Commercial District and as a Special Exception in the Rural Residential and General Residential districts. (This is recommended by the Planning Board.)

YES 118

NO 45

Moderator, Ross Deachman declared that all zoning amendments passed. Earl Hansen was recognized to speak. Mr. Hansen stated, that question No. 5 was not worded on the ballot as it had been voted by the Planning Board. He continued, that it had not gone through the correct process, so he would not consider it passed. Mr. Deachman stated, that the adoption of Amendment No. 5 will need to be reviewed by the Planning Board.

ARTICLE 3: To accept the report of all Town Officers and Committees. Earl Hansen moved the motion and Olive Staples seconded it. The article passed by voice vote.

ARTICLE 4: To see if the Town will vote to change the name of the established Park and Recreation Board to Recreation Board and add one alternate member to be appointed by the Selectmen to serve for a term of 3 years. Moved by Olive Staples and seconded by Don Markle. No discussion followed. The article was passed by a voice vote.

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200.00) as a contribution to the cost of Squam Lakes Association's economic study of the Squam region. The Selectmen and Budget Committee recommend this appropriation. Moved by Eleanor Wolf and seconded by Malcolm "Tink" Taylor. The question was asked, "What is the money going to be used for?" Alisoun Hodges was recognized to speak and explain the study. It is an economic study of the Lakes Region and will benefit local residents directly. The estimated cost of the study is \$30,000. They have received foundation aid and grants. With no further discussion a voice vote was taken and the article passed.

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of one thousand two hundred eighty dollars (\$1,280.00) to meet the requirements of RSA 436 in reference to the impounding of dogs. The Selectmen and Budget Committee recommend this appropriation. The article was moved by Earl Hansen and seconded by Roger Gage. Olive Staples asked if the owners of the dogs had to pay a fee when they picked up their dog to help defray the cost to the town. Mr. VanSickle stated, that the owner does have to pay the expense when the dog is picked up. Moderator, Ross Deachman added, that \$280.00 was added to the cost because of rabies suspect. This would require the dog to be impounded and to be under the direct care of a veterinarian. Calvin Huckins asked, how much have we been reimbursed? Bill Webb stated, that the dogs that are picked up and have no owner are the town's responsibility. Moderator, Ross Deachman states, that the figure included only those dogs for which no owner is found. No further discussion followed. A voice vote was taken and the article passed.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) for the support of Speare Memorial Hospital. The Selectmen and Budget Committee recommend this appropriation. Moved by Olive Staples and seconded by Earl Hansen. Olive Staples asked, if this was our town share of the surrounding towns to help out the hospital? Selectman, Alden VanSickle explained, that the hospital had actually requested \$5,000.00 and the Selectmen recommended \$3,000.00, which they felt was more appropriate to what they have given in the past and to keep within the budget. No further discussion followed. A voice vote was taken and the article passed.

ARTICLE 8: To see if the Town will vote to ratify the Holderness Fire Departments existing form of organization per RSA 154:1. Moved by Richard Mardin and seconded by Earl Hansen. Olive Staples asked, how this would change what we now have? Fire Chief, Richard Mardin explains that the members of the fire department have always voted for the officers. The officers are then appointed by the Selectmen. Moderator, Ross Deachman then read a letter explaining that the Holderness Fire Department is a municipal fire department for liability purposes. Then, he read the bylaws of the Holderness Fire Department. Moderator Deachman continues RSA 154, statement of intent, is to be sure that those fire departments which are in fact municipal fire departments seek the protection of being municipal employees and the liability as opposed to being a private fire department. A voice vote was taken and the article passed.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of one thousand seven hundred seventy dollars (\$1,770.00) to assist in maintaining the services of the Grafton County Senior Citizen's

Council. The Selectmen and Budget Committee recommend this appropriation. Moved by Margaret Winton and seconded by Eleanor Wolf. No discussion followed. A voice vote was taken and the article passed.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of three thousand three hundred fifty dollars (\$3,350.00) to assist in maintaining the services of the following:

Task Force Against Domestic Violence	\$600
Community Action Program	740
Lakes Region Day Care	500
Lakes Region Community Services	300
American Red Cross	300
Pemi Baker Youth and Family Services.....	910

The Selectmen and Budget Committee recommend this appropriation. Moved by Olive Staples and seconded by Earl Hansen. A voice vote was taken and the article passed.

ARTICLE 11: Shall the Town adopt the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to apply for, accept, and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year? Moved by Earl Hansen and seconded by Olive Staples. Olive Staples made a motion to amend the article by deleting the word "authorizing indefinitely". The motion was seconded by Robert Haskell. Moderator, Ross Deachman then stated, that the word authorizing should remain in the article. A voice vote was taken and the amendment failed. Some discussion followed on the main motion. A voice vote was taken and the article passed.

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) to assist in the establishment of the Plymouth Regional Clinic. This clinic will be staffed by doctors, nurses, support staff of Speare Memorial Hospital and many other volunteers. The Selectmen and Budget Committee recommend this appropriation. The article was moved by Olive Staples and seconded by Eleanor Wolf. Questions were asked about where, when and who was donating besides the town of Holderness. A voice vote was taken and the article passed.

ARTICLE 13: To see if the Town will vote to recognize the Holderness Historical Society for the limited purposes of allowing them to submit a yearly report to be included in the Holderness Town Report. By petition. Moved by Earl Hansen and seconded by Olive Staples. No discussion followed. A voice vote was taken and the article passed.

ARTICLE 14: To see if the Town will vote to change the day of the Town Meeting to the first Saturday following Election Day. By petition. Moved by Margaret Winton and seconded by Malcolm "Tink" Taylor. Selectman Harold Maybeck spoke in opposition to the article. A voice vote was taken and the Moderator, Ross Deachman declared the article was defeated. A division of the house was requested. A standing vote was taken. Moderator, Ross Deachman declared the article defeated.

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of twenty thousand dollars (\$20,000.00) for a police cruiser and to authorize the withdrawal of nineteen thousand six hundred forty-eight dollars (\$19,648.00) from the police cruiser capital reserve fund and raise three hundred fifty two dollars (\$352.00) by taxation. The Selectmen and Budget Committee recommend this appropriation. Moved by Earl Hansen and seconded by Robert Haskell. No discussion followed. A voice vote was taken and the article passed.

ARTICLE 16: Are you in favor of amending the Holderness Flood Plain Ordinance to allow the I-93 exit 25 ramp project to proceed by stating that new Flood Insurance Rate Maps (FIRM) and new Flood Boundary and Floodway Maps (FB/FW) will be produced by the Federal Emergency Management Agency (FEMA) upon completion of the interstate 93 exit 25 ramp project and to be incorporated herein by reference. The date of the maps to be incorporated under this paragraph will be inserted at such time in the future when the new FIRM and FB/FW maps are produced. Moved by Earl Hansen and seconded Olive Staples. Discussion followed. A voice vote was taken and the article passed.

ARTICLE 17: Are you in favor of amending the Holderness Flood Plain Ordinance to include a specific requirement for recreational vehicles located within the floodplain that are on a site for more than 180 consecutive days or are not fully licensed and ready for highway use to meet all standards of section 60.3 (B) (1) of the National Flood Insurance Program Regulations and the elevation and anchoring requirements for "manufactured homes" in paragraph (C) (6) of section 60.3. Moved by Earl Hansen and seconded by Olive Staples. Discussion followed. A voice vote was taken and the article passed.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of seven thousand three hundred thirty dollars (\$7,330.00) to assist in maintaining the services of the Pemi Baker Home Health Agency. The Selectmen and Budget Committee recommend this appropriation. Moved by Eleanor Wolf and seconded by Don Markle. Discussion followed. A voice vote was taken and the article passed.

ARTICLE 19: To see if the Town will approve the removal of ten (10) acres, from the Town Forest land to be used as a site for relocation

the Highway Department garages and equipment. Moved by Olive Staples and seconded by Earl Hansen. Moderator, Ross Deachman requests to step down for Article 19 and appointed Malcolm "Tink" Taylor as Moderator for the article. Larry Spencer spoke in opposition of the article from a conservation stand point. Several questions were raised about location of the land and the access. Ross Deachman also spoke against the article. He stated that five acres of land had been removed from the town forest in 1987 for this purpose. Mr. Deachman also made several other points about access to the land. Kay Hansen asked about alternatives. The alternatives were listed by Moderator Taylor. Sid Howe spoke against the article from a conservation stand point. A voice vote was taken and the article failed.

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of one hundred thousand dollars (\$100,000.00) for the reconstruction of a section of Mt. Prospect Rd. and to authorize the withdrawal of said funds from the capital reserve fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation. Moved by Don Markle and seconded by Robert Haskell. Questions were raised about the location of the reconstruction, also about length of time involved. Mr. Hansen explains the Transportation Improvement Plan. Discussion followed. A voice vote was taken and the article passed.

ARTICLE 21: To see if the Town will vote to raise and appropriate the sum of thirty thousand dollars (\$30,000.00) for the preliminary construction of a Fire Station, Highway Dept. garage and Police Station and to authorize the withdrawal of said funds from the Land/Building Acquisition capital reserve fund created for that purpose. The Selectmen and Budget Committee recommend this appropriation. Moved by Earl Hansen and seconded by Richard Mardin. Several questions were raised about the whereabouts of the building. Selectman, Alden VanSickle spoke about specific site. The site to be studied is the land on Route 175 and junction of Route 3. Chairman of the Budget Committee, Bill Webb, stated that the Budget and the Selectmen have a different opinion on this site. Chairman, Bill Webb continues, that he would like the study to proceed. Then the Selectmen can come back to Town Meeting next year and give a full recommendation to accommodate the Fire, Police and the highway. A voice vote was taken and the article passed.

ARTICLE 22: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of Transfer Station Closure and to raise and appropriate the sum of two thousand dollars (\$2,000.00) to be placed in this fund. The Selectmen and the Budget Committee recommend this appropriation. Moved by Olive Staples and seconded by Earl Hansen. The article was explained by Selectman, Susan Webster. Susan Webster states, that the money is

to be put aside for the future in case the transfer station needs to be closed. A voice vote was taken and the article passed.

ARTICLE 23: To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of Sewer Reconstruction and to raise and appropriate the sum of one thousand four hundred dollars (\$1,400.00) to be placed in this fund. This fund is to be used for reconstruction of the sewer lines and associated equipment of the former Upper Holderness Village Sewer District. The Selectmen and Budget Committee recommend this appropriation. Moved by Earl Hansen and seconded by Olive Staples. Sandra Heath explains, that the money will be put aside for the future in case there is any damage to the sewer system. Bill Webb stated, that if the sewer system fails we have to fix it and we should have some money set aside so it would not have to be added to the operating budget. A voice vote was taken and the Moderator, Ross Deachman requested a division. A standing vote was taken, and the Moderator declared the vote in the affirmative.

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of twenty one thousand dollars (\$21,000. 00) for reconstruction on the Town Hall by authorizing the withdrawal of eight thousand dollars (\$8,000.00) from the capital reserve fund and raise thirteen thousand dollars (\$13,000.00) by taxation. For the following:

\$10,000.00	Underground tank replacement
6,000.00	Re-roofing
2,000.00.....	Update electrical wiring
3,000.00	Painting building

The Selectmen and Budget Committee recommend this appropriation. Moved by Malcolm "Tink" Taylor and seconded by Olive Staples. Olive Staples asked about the storage tank and where it would be located? Selectman, Alden VanSickle stated that the tank would be above ground so the tank could be moved to any location. Olive Staples made a motion to add \$2,000.00 for the repair of a leak that is located near the steps at the entrance to the town hall. Motion was seconded by Mary Morrill. Discussion followed. Jeff Cripps explained that the figure for repairing the roof was included in the operating budget. Olive Staples withdrew her motion. More questions were asked about the renovations. Earl Hansen moved to cease discussion and it was seconded by Sandra Heath. A voice vote was taken and question was moved. A voice vote was taken and the article passed.

ARTICLE 25: To see if the Town will vote to authorize the Selectmen to act as agents for the following Capital Reserve Funds: Land/Building(s) Acquisition, Highway Truck, Grader/Loader, Police Cruiser, Fire Truck, Road Reconstruction, Town Hall, Conservation Commission, Sewer Reconstruction and Transfer Station closure.

Moved by Earl Hansen and seconded by Ronald Huntoon. Some discussion followed. A voice vote was taken and the article passed.

ARTICLE 26: To see if the Town will vote to raise and appropriate a sum of one hundred eighty one thousand dollars (\$181,000.00) to be placed in the following designated Capital Reserve Funds.

Highway Truck	8,000
Grader/Loader	20,000
Police Cruiser	15,000
Fire Truck	30,000
Road Reconstruction.....	100,000
Town Hall	6,000
Conservation Commission	
Land Acquisition/Easement.....	2,000

Moved by Earl Hansen and seconded by Olive Staples. Discussion followed. A voice vote was taken and the article passed.

ARTICLE 27: Shall the Town accept the provision of RSA 33:7 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to issue tax anticipation notes? Moved by Earl Hansen and seconded by Olive Staples. Olive Staples questioned the wording of article. A voice vote was taken and the article passed.

ARTICLE 28: To see if the town will vote to discontinue as a Class V road, pursuant to RSA 231:43, Evans Road, so called, in it's entire length. Moved by Harold Maybeck. Mr. Maybeck spoke in favor of article. He also states, that if the article is passed the town would continue winter maintenance until April 15 of this year. Seconded by Earl Hansen. Several questions were raised about the condition and length of the road. A lengthy discussion followed. Olive Staples moved the question, seconded by Robert Haskell. A voice vote was taken and the question moved. A voice vote was taken on the article and the Moderator, Ross Deachman called for a division. A standing vote was taken, the results were 41 yes and 59 no. The Moderator declared the article defeated.

ARTICLE 29: To see if the Town will vote to raise and appropriate the sum of one million one hundred twenty five thousand seven hundred forty one dollars (\$1,125,741.00) which represents the posted operating budget. Said sum does not include special articles addressed. The Selectmen and Budget Committee recommend this appropriation. Moved by Bill Webb and seconded by Robert Haskell. Questions were raised about the posted operating budget not including the amounts in previous articles. Bill Webb made a motion to delete the existing motion and substituting the following motion: \$1,498,571.00 which includes all monies appropriated by prior votes under previous articles. Seconded by Earl Hansen. A voice vote was taken on the substitute motion and the vote was in the affirmative. Back to the main motion which now

reads \$1,498,571.00 which includes all monies raised under prior articles. No further discussion. A voice vote was taken and the article passed.

ARTICLE 30: To see if the Town will vote to authorize the Selectmen to transfer tax liens or to sell real estate acquired in default of redemption by tax collector's deed by sealed bid or public auction, pursuant to RSA 80:80. This authorization shall remain in effect indefinitely until rescinded. Moved by Olive Staples and seconded by Earl Hansen. No discussion followed. A voice vote was taken and the article passed.

ARTICLE 31: To see if the Town will vote to authorize the Selectmen to apply for, accept, and/or expend, without further action by the Town Meeting, money, land and/or interest in land from the state, federal or other government unit or a private source which becomes available during the fiscal year in accordance with RSA 31:95-b. Moved by Earl Hansen and seconded by Eleanor Wolf. Discussion followed. A voice vote was taken and the article passed.

ARTICLE 32: To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devices made to the Town in trust for any public purpose, as permitted by RSA 31:19. Moved by Margaret Winton and seconded by Larry Spencer. No discussion followed. A voice vote was taken and the article passed.

ARTICLE 33: To transact any other business that may legally come before the meeting. Moderator, Ross Deachman recognized Chief, Ty Gagne. Chief Gagne introduced Sgt. William Losefsky. Sgt. Losefsky had been recently hired by the Holderness Police Dept. Sid Lovett was also recognized. He wanted to thank all those people who had volunteered on boards and committees. He also thank Selectman, Alden VanSickle for his contribution. No other business was discussed. Willis Holland moved that the meeting be adjourned and Malcolm "Tink" Taylor seconded. The article carried in the affirmative and the Town Meeting adjourned at 9:25 p.m.

Respectfully submitted,
Priscilla Bartholomew
Town Clerk

AUDITOR'S REPORT

To the Board of Selectmen
Town of Holderness, New Hampshire

We have audited the general purpose financial statements of the Town of Holderness, New Hampshire as of and for the year ended December 31, 1994, and have issued our report thereon dated February 13, 1995.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Holderness, New Hampshire for the year ended December 31, 1994, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Holderness, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

Budget
Cash and investments
Revenue and receivables

Expenditures for goods and services
and accounts payable
Payroll and related liabilities

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

This report is intended for the information of the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

Vachon, Clukay & Co., PC

HOLDERNESS BOARD OF SELECTMEN 1994 REPORT

The year 1994 was a very busy year for the Town of Holderness. It began with bidding a reluctant farewell to "Skip" Van Sickle at the end of his three year term as Selectmen. He brought business knowledge and level headed common sense to the office, he will be missed. All the best to him. At the same time, the town overwhelmingly voted Claudia Goodwin to a three year term as Selectmen. We welcome her on board as she ends her first year as Selectmen.

Thanks are in order to all Department heads as they kept cost in check and still managed to get the job done well....

Fire Department

Dick Mardin

Police Department

Ty Gagne

Highway Department

Lyle Thompson

Thanks also to all the committee and board members who put in many hours making sure that the goal of the Holderness townspeople, having a special community to live in, is upheld.

The Town Hall staff has done an outstanding job in keeping up with the ever increasing load of paperwork required by the growing demands from many outside sources. Thanks from the Board.

The search for a home for the municipal buildings of Fire, Highway, and Police is continuing with a blue ribbon committee whose report is included in this Town Report. It has been a long hard search, but progress has been made, and public meetings will be held to keep the townspeople informed.

A section of Mount Prospect Road was brought up to town specifications. A short section was reconstructed to address a ledge problem. We shall continue an aggressive program to keep improving the roads and maintaining a quality highway department to maintain them.

We welcome our Road Agent, Lyle Thompson back after his illness and many thanks to Wilson Earl for taking up the reins while Lyle was gone.

The Town Hall had a dramatic overhauling with many thanks going to Jeff Cripps, who donated much of his time this year to organizing and overseeing the roofing, painting, insulating installation of steps and railing, shutters rebuilt and replaced, meeting hall floor to be refinished, benches fixed and gas tanks replaced with above ground tanks to comply with state regulations.

1994's Memorial Day Parade had the honor of backing up traffic past the Dump Road, so this year, we will have a portion of the ceremony off Route 113 to allow the Route 3 traffic to flow with less congestion.

The new Park and Recreation Department got off to a good start with a lot of participation and interest and we wish it well in the future. With support from the area residents it should see an even better 1995 summer season.

We again thank the Science Center for making the field available for municipal parking. It has taken a lot of pressure off the downtown area, and made more space available for the local businesses. Alex Ray deserves an acknowledgement for making available the space behind the Squam Seafood Company building to store winter sand. Thank you Alex.

A high note this year was the donation to the town by the White Oak Pond Association, the dam on White Oak Pond and the formation of a fund to maintain the dam. This prevented the sale of the dam to private parties and eliminated possible problems in the future.

The Town prevailed in the case of Richard Field vs The Town of Holderness and the house and foundation must be removed and the original camp must be restored to the property. Lawyers's fees and court costs were recovered.

Congratulations to Shawn Magoon on his promotion to Sergeant and the Board welcomes Patrolman Mark Nash and Secretary Debbie Lurie to the police department.

The board looks forward to serving you, the residents of Holderness and those who choose to have a second house in this beautiful neck of the woods. If we can be of any assistance please let us know!

Respectfully submitted,
Holderness Board of Selectmen

Harold F. Maybeck, Chairman
Claudia Goodwin
Susan Webster

ADMINISTRATOR'S REPORT 1994

After attending many lectures and reviewing other town's policies, I developed a personnel policy for the town. Currently its being reviewed by town counsel and then to be reviewed and adopted by the selectmen. The town as an employer has to be concerned with discrimination, background checks of new employees, drug testing, workers compensation and hiring the handicapped. Some of the Federal laws that apply to New York City, also apply to quiet little Holderness.

One of my projects for 1995 is developing a better departmental inventory system. One that provides a listing of what items each department has and where it is kept and a record of when the item was purchased, the price, and life expectancy to figure depreciation should an insurance claim has to be made.

We still have two tax appeals before the courts for the 1990 revaluation. A tentative court date is set for April of this year. We are scheduling a review of all property assessment this year. It won't be a full blown revaluation where the building are remeasured but current sales and assessments will be reviewed.

This is the fourth year for the twice a year tax billing. As hoped, the June bill has helped with the town's cash flow. In 1991 we had to borrow twice. In 1992 we borrowed in January but by 1994 we could delay borrowing until May. This means we have a shorter time to incur interest.

As you know we have been slowly restoring the old town records over the years. Unfortunately, it doesn't seem we are keeping pace, the old books are so fragile they are not allowed to be used or with very restricted use. Next year, we will ask to start a program of restoring three or four books at a time.

I would like to Thank all employees, and to encourage their continued hard work in town's best interest.

Respectfully submitted,
Sandra Heath, Administrator

SENIOR CITIZENS COUNCIL ANNUAL REPORT 1994

Grafton County Senior Citizens Council, Inc provides services to older residents of Holderness through the Plymouth Regional Services Center. These services include home delivered meals, a senior dining room program, transportation, outreach and social work services, health education, recreation, information and referral, as well as opportunities for older individuals to be of services to their communities through volunteering.

During 1994, 89 Holderness residents were served through all of GCSCC's programs. These individuals enjoyed dinners at the Plymouth Center, received hot meals delivered to their homes, used transportation services to travel to medical appointments, to grocery stores, to do personal errands or to the Senior Center, contributed hours of time, energy and talent to support services to the community, or used the services of our social workers. Services for Holderness residents were instrumental in supporting many of these individuals as they attempted to remain independent in their own homes care despite physical facilities.

GCSCC staff also works to assist older Holderness residents and their families in taking advantage of available programs and services which will improve the quality of their lives and enable them to remain in their own community for as long as possible.

GCSCC very much appreciates the support of Holderness services which enhance the independence of older residents of the community.

Carol W. Dustin, ASCW
Executive Director

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.

Statistics for the Town of Holderness October 1, 1993 to September 30, 1994

During the fiscal year, GCSCC served 40 Holderness residents (out of 250 residents over 60, 1990 Census.)

Services	Type of Service	Units of Service	X	Unit (1) Cost	Total Cost = of Service
Congregate/Home	Meals	2,434	X	\$4.39	\$10,685.26
Transportation	Trips	732	X	\$5.05	\$3,696.98
Adult Day Service	Hours	-0-	X	\$2.86	-0-
Social Services	Half-Hours	80	X	\$10.64	\$ 851.12

Number of Holderness Volunteers: 15

Number of Volunteer Hours: 2,019

GCSCC cost to provide services for Holderness only \$ 15,232.98

Request for Senior Services for 1994 \$ 1,7770.00

Received from Town of Holderness for 1995 \$ 1,770.00

Notes:

1. Unit cost from Audit Report for October 1, 1993 to September 30, 1994.
2. Services were funded by: Federal and State Programs 51%, Municipalities, Grants & Contracts, County and United Way 14%, Contributions 12%, In-Kind Donations 20%, Other 1%, Friends of GCSCC 2%.

1994 OVERSEER OF WELFARE REPORT

The Town helped 34 families with rent, food and heating vouchers during the year.

Again a number of families were given Thanksgiving and Christmas food baskets by Plymouth State College Students and the Community Closet.

Our Town Fire Department gave toys and gifts to some children.

Thanks from all the families.

Respectfully submitted
Laura Heath, Overseer of Welfare

HOLDERNESS POLICE DEPARTMENT

1994 REPORT

Nineteen Ninety Four was one of the busiest years in the history of the Holderness Police Department. Your police department answered a total of 12,253 calls for service as opposed to 10,132 in 1993. Criminal cases rose 13% over last year and there were 85 arrests as compared to 43 in 1993. With these figures there should be no doubt that the department is working hard for its community.

The department has also taken a very active role in its community, earlier this year we held Project Kidcare; photographing and fingerprinting 83 of our youngsters in an effort to increase their safety. On Earth Day, department personnel volunteered their own time and spent the day sweeping and picking up trash in the center of town. We participated heavily in Old Home Week this year and at Christmas every full time officer visited Holderness Central School with Santa and served lunch to the entire student body, followed by our first annual Candlelight Skate with Santa later that evening. With the well-being of our community's children and the family being a major priority of the department we co-sponsored with the PTA a well known speaker to address the SAU in January on Teaching Kids Responsibility.

Holderness officers received little reprieve from the summers activity as this past fall we were faced with a situation of illegal alcohol sales at a private residence on North River Street, which yielded a seizure of over 30 kegs and other paraphernalia as well as multiple arrests and a major investigation which brought the recovery of residents property totaling \$8,000.00. To say that I am very proud of the officers performance in these cases would be an understatement.

I would like to conclude by thanking all of those who have shown their support over the past year and the feedback that has been received, which confirms in our mind that the department is succeeding in its mission to provide the Town of Holderness with quality police service.

On behalf of all of the members of the Holderness Police Department, we wish you a safe and happy 1995.

SIXTY-SECOND ANNUAL REPORT OF THE HOLDERNESS FIRE DEPARTMENT-1994

Medical Emergencies were again our most frequent type of call in 1994. Our EMS personnel responded to two particularly dangerous spinal injuries this year; one patient was able to benefit from the new "DHART" helicopter being in service. "DHART" stands for "Dartmouth-Hitchcock Air Response Team"; their helicopter, outfitted like an ambulance, can transport a patient from Holderness to Mary Hitchcock Hospital in Lebanon in 15 minutes. We also had five structure fires—more than we have had in several years.

Many of you are probably aware that "911" service is coming to New Hampshire and to Holderness in 1995. The purpose of "911" is to simplify the reporting of emergencies and to minimize the problems caused by the mistakes people commonly make when calling for help. When it comes on line July 6, 1995, we will have "E-911" service—the "E" designating "enhanced". This means that when someone calls "911" in an emergency, the 911 operator and subsequently the appropriate local dispatcher will know exactly from where the call is being made. This will be extremely helpful with calls like "This is Mrs. Smith. I live on Route 3 and my garage is on fire!"...click. As you might imagine, knowing which Mrs. Smith and in what town she lives will be very useful to the dispatcher.

E-911 service is based on a numbering and mapping system for each town—hopefully coordinated in a common sense way with all adjacent towns. Every property on every road in town (including private roads or driveways serving two or more residences) will be broken up into 50-foot segments along that road. Therefore each residence or business or piece of property will have its own unique numbered address. (A town ordinance will require that these numbers be posted.) The State of New Hampshire is assisting towns in preparing their 911 maps by providing personnel and electronic "GPS" data collection equipment. An added benefit of this process is that we will end up with the most accurate map of the road systems in Holderness ever made. We should be able to build upon this base map for many other purposes. Remember! Until July 6, 1995 the proper number to call for fires or medical emergencies is still 524-1545; after that date simply dial 911.

We wish to thank the townspeople of Holderness for their continued support.

Respectfully submitted,
Tom Stepp, Clerk

REPORT OF FOREST WARDEN

1994 was an extremely dry year in both the Spring and Fall with many High fire danger days. Thanks to the caution used by the people of Holderness and the restrictions placed on open burning thru the permit process, our town did not experience any major problems during these times of dry conditions. While other communities were experiencing brush and woods fires, our activity was light. A call for a smoke investigation from Red Hill Tower on May 14 resulted in our being first on the scene of a large woods fire on Winona Road in New Hampton. We operated on this incident until the local department had sufficient personnel on the scene to finish extinguishment.

We did, however, have a problem with permittees starting their fires before the time stated on their permit. This resulted in the dispatch of men and equipment when they were not really needed. We ask ALL persons who obtain a permit to abide by the times stated on the permit to avoid needless response. Remember, Red Hill Tower is Watching our town very carefully. Your Warden and Deputy Wardens received training on the legal aspects of their responsibilities, powers and duties under the State Statues. This was a most informative and worthwhile session. During the year the Warden issued 110 permits, the Deputy Warden 32 and the Town Clerk 120. We wish to thank you, the citizens and all Boards of the town for your cooperation during 1994.

Respectfully submitted
Richard Mardin,
Forest Warden

HOLDERNESS PLANNING BOARD

The Holderness Master Plan was completed this past year. A great deal of thanks should go to the many volunteers that spent a lot of time and effort in putting together a Master Plan that will help guide us into the future. Georgene Fabian, the Planning Board Secretary, did a wonderful job in keeping this project on track and moving. She motivated the volunteers and coordinated the actions between the Town and the Lakes Region Planning Commission. Through these efforts this town has a Master Plan that is much more than the standard boiler plate plan of many other areas. There are a limited number of Master Plan books for sale at the Town Clerks office. There is also a copy at the Town Library for review.

In line with the general economic slow down there were few subdivision requests. There were several Site Plan review applications before the Board with all of them being approved.

The Transportation Improvement Plan subcommittee of the Board has presented the Selectmen with a revised and updated suggestion for road improvements in the town for the next few years.

A problem that is not unique to Holderness is that of getting rid of unwanted, unsightly "junk" cars. The National Kidney Foundation of New Hampshire has come up with a program whereby a land owner may donate their unwanted vehicle(s) to be used as a charitable contribution deduction for their federal income taxes. The Kidney Foundation will make all of the arrangements to have the vehicles removed at no cost to the land owner. All the land owner has to do is contact the Kidney Foundation at 1-800-3KIDNEY (1-800-354-3639) and ask for information on the Car Contribution Campaign". They will send you some forms to fill out. Once you have filled out the forms and returned them to the Foundation a towing company will contact you to make arrangements for the vehicle removal. This is a win, win, win program. You get rid of the vehicle, the Kidney Foundation makes a little money on the parts or scrap, and the town gets rid of a potential problem.

After the town meeting, in March, the Zoning Ordinance will be reformatted for easier understanding and access to information. In the reformatting there will be no changes made to the Ordinance that were not voted in by the residents of the town.

The Board meets the third Thursday of every month in the Town Hall at 7:00pm Please stop in and let us know how you feel, your Planning Board could serve you and the Town better.

Respectfully submitted
Earl F. Hansen, Chairman

LAKES REGION PLANNING COMMISSION 1994 ANNUAL REPORT

The Lakes Region Planning commission is a voluntary association of local communities designated by area towns as the organization that brings towns and cities within the Region together. By associating and pooling resources, local governments have a highly trained professional staff available to them for a wide variety of services. Areas of current expertise include land use and transportation planning, master planning, environmental planning, capital improvement programming, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems and computerized cartography, household hazardous waste collections and site plan review. Communities may also obtain the services of a professional planner on a regular basis through our circuit rider program or on a fee basis. The Commission also provides a framework to protect and further the interests of our communities with the state and federal government.

Your support helps the LRPC maintain a comprehensive regional planning effort and enables the Commission to perform various projects and activities for regional benefit. Over the past year the LRPC:

- Provided consultation and assistance to thirty-one member communities.
- Met repeatedly with federal and state officials and agency representatives to influence policy and help keep the Region an active participant in many ongoing programs.
- Contracted and coordinated the 11th, and largest, regional household hazardous waste program in the Lakes Region serving over twenty municipalities in a one day super collection.
- Sponsored fall and spring sessions of the N.H. Law Lecture Series.
- Served as a Board Member of the Belknap County Economic Development Council, a county-wide initiative for economic betterment.
- Initiated work on an innovative study of the Route 16 corridor from the seacoast to Errol, N.H., in coordination with the N.H. Dept. of Transportation and three other regional planning commissions.
- Completed a draft update of the regional housing needs assessment in the Lakes Region as mandated by state statute for local housing plans.
- Initiated work on an agreement through the Scenic Byways program which will enable us to computerize and display historic sites using GIS and scanning technology for the benefit of the Lakes Region Heritage Tourism Roundtable.

- Completed the Manual of Model Ordinances: a comprehensive report on best management practices containing model ordinances for shoreland protection, subsurface disposal systems, erosion and sedimentation control and wetlands protection. The report was prepared with support from many people including the N.H. Department of Environmental Services, Belknap and Carroll County Conservation Districts and the North Country Resource Conservation and Development Area, Inc.
- Submitted another application to the N.H. Department of Environmental Services to continue implementation efforts identified in Phase I of the Lake Winnepesaukee Watershed Project.
- Completed a major update of the Overall Economic Development Program (OEDP) which enables members to apply for economic development funding assistance from the U.S. Economic Development Administration.
- Participated in other regionally significant economic development efforts including, membership on the Newfound Economic Development Council's Mitigation Fund Advisory Committee, Legislative Conference Center Committee, Governor's State Park Advisory Committee, Ossipee Valley Chamber of Commerce EDA proposal and the Franklin Economic Development and Revitalization Committee.
- Reorganized the regional transportation advisory committee to a technical advisory committee for the purpose of improving regional representation and identifying projects for inclusion in the update of transportation plans and programs.
- Initiated a region wide land use and transportation inventory to support Department of Transportation efforts leading to the development of a statewide transportation efforts leading to the development of a statewide transportation model.
- Continued to be a planning information resource center for all municipalities, including the maintenance of an affiliate state data center of U.S. Census information.
- Continued to administer and participate in a number of master plan updates throughout the Region including, but not necessarily limited to Holderness, Sanbornton and Tamworth.
- Prepared a comprehensive soils capability analysis of the Newfound River Watershed identifying areas with high to low development capability in cooperation with the Natural Resource Conservation Service and the N.H. Department of Environmental Services.

We look forward to serving your community during the coming year. Please feel free to contact us at 279-8171 whenever we can be of assistance.

PUBLIC SAFETY AND ROAD MAINTENANCE BUILDING COMMITTEE

The Public Safety and Road Maintenance Building Committee was called into existence by the Board of Selectmen in late November of 1994 and has been meeting almost weekly since that date.

Certain work authorized at the 1994 Annual Town Meeting, had been accomplished or put in motion before the committee began work:

The town had engaged the services of an architect, an engineer qualified to design septic systems, and an engineer qualified to provide consultation on fire and public safety response issues.

The town owned property at the corner of Route 175 and Route 3 had been surveyed, and a septic system designed and approved for the lot, and preliminary design work done for locating a Fire Station on that property. This effort was abandoned due to extensive site work requirements.

The survey of a five acre parcel to be set aside from the present town forest for the Road Maintenance Department facility had been ordered, and the architect asked to prepare a preliminary plan for such a facility.

The town had again been offered the Roger Gagne property immediately adjacent to the present Fire Station. The architect had been asked to come up with a design for a Public Safety Building (Fire House and Police Station), and a survey of the combined property had been ordered.

The committee was charged with preparing a proposal for presentation at the Annual Town Meeting in March of 1995 to construct a new Public Safety Building (Fire House and Police Station) on the expanded site of the present Fire Station, and to construct a new Road Maintenance Building on five acres of land in what is called the town forest, located on Beede Road.

The committee met with representatives of the Fire Department, Police Department and the Road Maintenance Department, inspected the condition and utilization of the present Fire Station, walked the proposed location for the Highway Garage in the Town Forest, and reviewed the work accomplished by the engineer and architect. Some of us toured the police facilities in the town hall, and some of us toured the present town road maintenance facilities on the grounds of the town hall.

We reviewed the work of earlier committees, and read the warrants and minutes for past town meetings dealings with this problem. We concluded that:

We needed to be sure that the sites we were recommending were the best locations that we could expect to obtain for the purpose within a reasonable time and at a reasonable cost to the town.

We needed to do a thorough needs analysis and justification for the proposed facilities. All three departments need better facilities than they presently have, and have presented their perspective on what those needs are.

We put a hold on any further work by the architect and engineer, and began addressing site criteria.

We developed the following:

The Fire Station should be located so that it serves equally well the residents of the east end of town, and those who live along Route 113. It should not be any further toward the north end of town than the Route 175 and Route 3 intersection.

Neither it nor the town garage should be on Route 113.

Both the Road Department Maintenance Facility and the Public Safety Building should be located so that the entrance to the road serving the selected location provides good lines of sight in both directions.

A combined Police and Fire Station located in such a way as to help define the center of town, where they are visible and accessible to both residents and visitors who may require police assistance, is highly desirable. If possible, the Public Safety building should enhance the sense of community.

The site for the Public Safety Building must provide adequate off street parking for department members, adequate space for exterior facilities, and adequate space for potential expansion.

The Road Maintenance Department Building should be located on or near Route 3 or Route 175 - to minimize truck traffic on residential roads.

Unless a very large piece of property can be located, the Road Department and Fire Department should not be located at the same site.

We have begun talking to landowners whose properties seem to satisfy these criteria. We expect this will be a somewhat lengthy process, and our intent is to present a working plan to acquire property and to construct new facilities meeting the needs of all three departments at the 1996 Annual Town Meeting.

Respectfully submitted,
Larry Gooch
Alan Howe
Steve Huss
Paul Montour
Mike O'Donnell

Sue Webster, Board of Selectmen

NEW HAMPSHIRE HUMANE SOCIETY

In January, the Shelter had to increase its daily holding fee for animals from \$5.00 to \$8.00. As we hold all stray dogs the full seven days, if not picked up, this fee totals \$56.00. The fee for stray cats will be \$20.00. The charge for any strays which must be euthanized remains at \$35.00. Any animal claimed by the owners are charged to the owners and not the town.

The contract amount (\$1,001) has been based on your 1993 figures, which were 11 stray dogs at \$91.00 each and 0 stray cat(s) at \$20.00 each. This expense appropriation has been approved by the New Hampshire Department of Revenue Administration.

Whenever the Society received a stray, it of course becomes our full responsibility: we must see to its veterinarian needs, try to locate the owner, hold it for court action if necessary and eventually either place or euthanized the animal. We feel that this service to your community has been provided at modest cost in the past, and we look forward to doing the same job in 1995.

Fritz T. Sabbow
Executive Director

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment has received applications for their consideration of ten cases this year.

One request was for a Special Exception for Seasonal Conversion (from seasonal to full time occupancy). The lake shore lot involved was of conforming size and lake shore frontage, for lots in the lake shore district and had recently installed a new septic system. Request was granted.

Two cases were applications for Special Exception to allow light industry in the Commercial Zone on Route 175. Both applicants fulfilled all requirements and were approved by the Board.

The remainder cases involved requests for variances to install replacement septic systems for non-conforming lots. Two of these were approved. One was for property on the “back side” of Little Squam Lake involving two very small lots which were subdivided back in the mid 50’s, before Zoning or Subdivision regulations, and both were non-conforming according to present regulations. A unique design was submitted in which both lots share a common leach field. This plan was a great improvement and the Boards approval allowed continued seasonal use of the properties.

Two applications on non-conforming lots have not yet been approved and await compliance of various conditions required by the Board before they can receive further consideration.

One application was for the expansion of a “party boat” business located in a residential district. The application was approved by a majority of the members of the Board.

The Zoning Board received a total of \$937.00 for application fees.

TRI-COUNTY COMMUNITY ACTION

Again this year, Tri-County Community Action Programs, a private not-for-profit agency, requests funding assistance for our Outreach Program in Holderness in order to provide necessary social services. For 1995, we would like to request \$762.00 from your town.

Our Outreach Coordinator, Joyce Weldon, Outreach Center have salary and office expenses paid for three (3) months of the year by the Fuel Assistance Program Grant that we receive. The funds to keep the local Outreach office open the nine (9) months of the year come from your town and those of your neighbors, some of the Community Services Block Grant Funds, and from some of the NH Emergency Shelter Grant Funds.

Because of the reduction in federal fuel assistance funds received for our Outreach Program, we are asking for your continued financial assistance with a modest increase of 3%.

In summary, this past year, we have served 121 households of 502 people, provided 151 client service units, in addition to assisting area families with approximately \$68,565.49 in direct services or products.

If you have any questions regarding these services or this request, I shall be glad to hear from you.

Sincerely,
Carleton R. Lord,
Outreach Director
Joyce Weldon,
Outreach coordinator

TRI-COUNTY COMMUNITY ACTION 1993-94 OUTREACH REPORT

Outreach is the field services arm of the Tri-County Community Action Program. The purpose of this program is to assist low-income, elderly and handicapped persons to solve individual problems and meet their needs through individual and/or group self-help efforts. Outreach Coordinators accomplish this purpose by providing information, counselling, referrals, guidance, organizational assistance, individual counselling and by effectively linking and utilizing community resources. If possible, we also may assist with Emergency Fund dollars in the form of Vouchers.

Last year, the following assistance (client service units) was provided by the CAP Outreach Program in Holderness

Category	Type of Assistance	Client Service Units
Food	Emergency food supplies, Food Stamps, Government Surplus foods, consumer education, food baskets, nutrition	101
Energy	Electrical disconnects, out-of-fuel, weatherization woodstove, fuel wood, home repairs, furnaces	25

OUTREACH REPORT -(Continued)

Category	Type of Assistance	Client Service Units
Homeless	Homeless or in imminent danger of being homeless	2
Housing	Emergency placements, furnishings, loans, home improvements, tenant/landlord relations, relocations	8
Budget	Money management, debt management, financial planning	3
Health	Medicare, Medicaid, mental health, dental, Home Health, Emergency Response Units, substance abuse	8
Income	Job Corps, employment referrals, job training, welfare referral	2
Transportation	Emergency rides, car pools	0
Legal Assistance	Information and referral to Legal Aid	0
Other	Clothing, education, domestic violence, children's services	2

TOTALS 151

Because of your support and that of other surrounding towns, we were able to keep our Campton area Outreach office open through the entire year. As a result, we were also able to leverage the following funds and/or provide the following services or products to the low-income people of your area:

Service	Amount
FEMA (Emergency Food and Shelter)	\$ 5,995.00
USDA (Food products distributed - retail value)	24,302.52
Emergency Fund and Food Pantry Assistance	5,100.00
Homeless-Emergency Food and/or Shelter	2,100.00
Volunteer Hours at \$4.25/hour	6,500.00

OUTREACH TOTAL \$ 43,897.52

Please note that these funds are in addition to the approximately \$4,000.00 Community Services Block Grant matching funds that are applied to each Outreach Coordinator's salary and other local office expenses. Your continued financial support is needed to insure the availability of these dollars for local use and help in providing these essential social services in your community.

Also, our Outreach Coordinators did the application intake work for Fuel Assistance and Weatherization. As a result, the residents of your town received the following assistance from the community Action Program this past winter:

	<u># Households</u>	<u># Individual</u>	<u>Dollar Amount</u>
Fuel Assistance	50	126	\$ 21,853.62
Weatherization	2		2,514.35
Energy Totals:	52	126	24,667.97

GRAND TOTAL ALL ASSISTANCE \$ 68,565.49

HOLDERNESS CONSERVATION COMMISSION ANNUAL REPORT 1994

The major activities of the commission in 1994 revolved around the three town conservation properties. The commission held a late-Winter open house at the Town Forest/Pilote Forest properties. Commission members escorted snowshoers and cross-country skiers along the trails of both properties. In the spring the commission sponsored a trail building day at the Pilote Forest. They continued to extend the trail from the old log yard located about a third of the way into the property to the upper portion of the property. Based on the recommendations of Mr Jim Hersey of the US Soil Conservation Service who had visited the Town Forest property the previous October the Commission held a work day where they fertilized and seeded the area adjacent to the new parking lot on the Town Forest. The town also received a tree from the NH Electric Cooperative. This was planted adjacent to the parking lot at the Town Forest.

The commission completed work on management plans for all three properties and hearings were held on these plans in the Spring. The major stipulation of all plans is to restrict use to day-use only unless special request is made of the commission. The commission wants the properties to be used by town residents, but at the same time asks the users to be respectful of each of the environments and to please carry out whatever materials you carry in.

The commission has been working closely with the selectmen on a plan to move the town road department to a five acre plot at the Town Forest. Preliminary survey plans are in progress. The projected plans will enhance the Town Forest property as road department use will be on the section of the forest that had been destroyed by gravel pit operations. The Commission will have to build a new connection to join the parking lot to the remainder of the trail system.

The commission continues to deal on a regular basis with items related to docks, wetlands permits, etc. We assisted the Town Master Plan committee with the document. We worked on the section dealing with conservation matters and participated in the writing of other sections of the document.

The commission meets every second Thursday at 7:00pm in the town hall. Special meetings and field inspections are held in between regular meetings. The commission would like to recruit new members and if you think you have an interest in what we are doing please talk to the Selectmen or to the Chair of the commission. All proceedings of the commission are open to the public and we welcome all comments and offer of assistance.

1994 acquisitions: 821 books, 100 A/V, 10 periodicals discards 243

LIBRARY HOURS:

Mondays, Wednesdays and Saturday 10:00am - 6:00pm
Summer: same, plus Fridays 2:00pm - 8:00pm

ACTIVITIES:

Mary DeLashmit continues as Librarian, and Jane Blaine as assistant. Janet Williams was hired on a part time basis this summer to work Friday evenings and other times as needed.

The librarian gave several talks at the school this year on the subject of reading to children while babysitting. She also addressed the Town at the Special Summer Town Meeting, mentioning the exciting access to the Information Highway that we now have. We are hooked up to the Internet via our computer link with the NH State Library.

Our successful Summer Story Time this year had an attendance of over 100 children. We thank all our volunteers for organizing and leading the groups. We also had an exciting Summer Reading Program with the theme of "The Magic and Mystery of Reading".

Our annual Friends Plant and Food Sale was again a success, as was the Christmas Crafts Day. Patrons made Christmas wreaths and swags using greens provided by our Friends of the Library. We also learned to make interesting Christmas decorations with the help of Judy Duda, Lila Heath, and others. Thanks go to all those who helped make our activities such a success!

Mary DeLashmit
Librarian

HOLDERNESS FREE LIBRARY

TRUSTEE REPORT

The trustees of the Holderness Free Library thank the librarians, volunteers, and Friends of the Library for their support during 1994. The library continues to provide the people and visitors of Holderness with books, videos, periodicals, books on tape and family passes to the Science Center. In addition to the in-state inter-library loan capabilities that we've had for several years, we are now on Internet, which gives us access to information worldwide.

Thanks to the Helen Taylor Memorial Fund, we now have the complete American Girl series of books and a subscription to the American Girl magazine. We would also like to thank Crecia Closson for serving 12 years on the board. She generously gave her time and energy to our library.

The downstairs meeting room is used for special workshops and events, the summer story hour, Boy Scouts and other community group meetings. The tables were refinished thanks to funding from the Friends of the Library volunteers.. The Friends also held a popular wreath-making workshop before Christmas. Future plans for the library include improving handicapped accessibility.

The trustees continue to work with the town, the librarians and the Friends of the Library to improve our facility, enlarge our collections and expand our opportunities for education and entertainment.

Lynn Decker, Chairman

Gary Cripps
Nancy Grady
Jane Huntoon

PEMI-BAKER HOME HEALTH AGENCY 1994 REPORT

Since 1967 the Pemi-Baker Home Health Agency has given quality home care to residents of Holderness and other area towns, regardless of ability to pay. The Agency provides care and treatment to individuals in their home for acute and chronic illnesses and disabilities, generating a benefit in quality of life for clients and their caregivers and in containment of health care costs.

The total number of visits in all area towns increased 18% over 1993. In Holderness there was a 52% growth in the number of visits - an increase of 750. The 1994 number of visits in Holderness was 2189 in the following categories:

Visiting Nurse	348
Physical Therapy	82
Occupational Therapy	3
Home Health Aide	1628
Homemaker	126
Well Child/Nutrition	3

In addition to the above services, the Agency offers many other programs, including Hospice, Parenting, and free Blood Pressure, Immunization and Diabetic Screening Clinics. You are welcome to call them at 536-2232, Monday thru Friday, 8:00am to 4:00pm for information on services and policies.

In 1994, the Mad River Health Center joined the Well Child Program which provides visits for children with no health insurance. Town resident Barbara Laverack assist this program by volunteering free dental screenings. Also in 1994, the Pemi Baker Home Health Agency teamed with Community Health and Hospice in Laconia to bring the Family First Program to the Plymouth area. This Program teaches families of newborns about health, development and community resources. Angela Bascom, a specialist in Pediatric Nursing, was hired this year to work exclusively with children's services.

The per capita appropriations of \$4.35 remains the same for 1995. The amount of the Town appropriation increased \$173.95, based on a population of 1702.

Pemi Baker Home Health Agency is a nonprofit, NH licensed and Medicare certified agency. It also holds membership in several national, state and local health care and business organizations. It is grateful for the continued community support and to the many volunteers who serve on its Board and assist in its programs. The Holderness alternate representative is Jean Lovett.

Respectfully submitted,
Lillian E. Plasse
Holderness Representative
Pemi Baker Home Health Agency

PEMI-BAKER YOUTH AND FAMILY SERVICES COUNCIL

The Pemi Baker Youth and Family Services Council, Inc is an organization dedicated to promoting community-wide approaches to aid the development of healthy families and children. The Council currently coordinates four programs:

1. Juvenile Court Diversion-a program for first time juvenile offenders, allowing them to be held accountable for offenses without going to court.
2. The Challenge Course-a 15 hour early intervention drug and alcohol program for young people whose use of alcohol and other drugs has come to the attention of a parent, school official, police, court or other person (including themselves).
3. Information and Referral-provides residents of 17 town region with access to information about human services in the area. During 1993 the Council received approximately 150 calls wand visits through this program.
4. Time/Host Homes-the Council administers program providing short term housing for young people in need of time away from home as an alternative to running away. Program initiated in the Fall of 1993.

Over the past year, the Council has continued publication of "Families First", a column published twice a month in the Record Enterprise produced a Student Resource Card for distribution to all students at Newfound and Plymouth Regional High Schools, provided administrative support to the third annual Conference for Parents (held in Plymouth each September), coordinated the area celebration of Red Ribbon Week and started a group for mothers of teenage daughters.

Over the next year the Council is looking towards opening and staffing part-time offices in Bristol and Lincoln, collaborating with local schools to expand drug and alcohol prevention programs and expanding the services available to participants in court diversion.

Total service figures for 17 towns Plymouth District Court Region are as follows:

<u>Program</u>	<u>Program Total</u>
Juvenile Court Diversion	46
Challenge Course	30
Information and Referral	160

Respectfully submitted,
John LaCrosse
Director of Services

HOLDERNESS HISTORICAL SOCIETY

The Holderness Town Meeting of 1994 voted to authorize an annual report to the town from the Holderness Historical Society.

The Society is pleased to report substantial progress. The headquarters building has been moved to Curry Place. \$30,000 has been contributed by 190 Holderness members and friends.

1995 will see the beginning of Phase 2 which will make the building operational - water, heat, light etc. We will need continued financial support to meet these goals. A summer auction and other fund raising activities are being planned.

The Directors are pleased with the surge of interest in the history and people of our town. We acknowledge a 1995 gift from Rockywold Deephaven Camps for the purpose of obtaining fireproof file cabinets. The Society has received a \$6,510 grant from the Institute of Museum Science for a Conservation Assessment program. We invite the people of Holderness to share or donate important papers, pictures, artifacts or other display items. Gifts to the Holderness Historical Society are tax deductible as the law permits.

Phase 3 will feature a museum display and the development of a kitchen and meeting space for community activities.

The directors meet on the first Tuesday of each month and welcome ideas and inquiries.

1995 Directors: Roger Gage, Cynthia Murry, Mary Elizabeth Nielsen

1996 Directors: Lila Heath, Majorie Maybeck, Linda Baker

1997 Directors: Olivia Saunders, Sandy Perkins, Jim Green

Respectfully submitted
Sidney Lovett, President

INTER-LAKES DAY CARE CENTER AND NURSERY SCHOOL

We wish to thank the Town of Holderness for their continued support of our program. Inter-Lakes Day Care Center and Nursery School is a private non-profit child care agency incorporated in 1971. Year around child care is provided in educational settings at two locations for children thirteen months to twelve years. During 1994 the Center served 169 children from 129 families. Sliding scale fees are available, and USDA approved meals and snacks are included. This appropriation is used as local support and funding under Title XX through the office of Economic Services of the State of New Hampshire.

THE TASK FORCE AGAINST DOMESTIC AND SEXUAL VIOLENCE

The Task Force Against Domestic and Sexual Violence is a non-profit volunteer organization, which provides assistance to victims of domestic and sexual violence. The Task Force, a member group of the New Hampshire Coalition Against Domestic and Sexual Violence, serves 18 towns: Alexandria, Ashland, Bridgewater, Bristol, Campton, Dorchester, Ellsworth, Groton, Hebron, Holderness, Lincoln, Plymouth, Rumney, Thornton, Waterville Valley, Warren, Wentworth, North Woodstock. It is the only organization of its kind in eastern Grafton County.

Since its inception in 1981 the organization has maintained a 24 hour crisis line, staffed by volunteers who provide legal advocacy, emergency shelter, transportation, food, emotional support services and referrals to its clients. Organization members also coordinate and conduct community outreach programs.

In 1992, the Task Force expanded its mission to include the Child Advocacy Program, which provides services to children from violent homes. Services include support groups for children, social service advocacy, temporary childcare, parenting skills, and a peer education program.

Providing support services to the volunteers are the five staff members: Resources Director, Support Services Director, Fiscal Director, Child Advocacy Director, and Shelter Manager. All are supervised by the Board of Directors.

Between 1981 and 1993, the Task Force members answered approximately 3500 calls from all the towns it serves. Many of these calls were referred to us by the local police departments, the court, physicians, counselors and therapists.

Volunteers and staff adhere strictly to NH Law (RSA 173-B21), which requires that they maintain confidentiality with regard to persons served by them and files kept by the organization. Also, as required by law (RSA 173-C Privilege Bill), all information received by a volunteer or staff member in the course of a relationship with a victim is confidential. This law allows the Task Force to keep its location from being made public.

GRAFTON COUNTY COMMISSIONERS' 1994 REPORT

The Grafton County Commissioners are pleased to submit the following report to the citizens of Grafton County. Despite some major personnel changes during the past year, we have enjoyed a smooth transition, thanks in large part to the concerted efforts of our employees, including department heads, our administrative team, and the employee council.

After twenty-five years of service to the county, our Executive Director, Evelyn Smith, retired, effective December 31, 1993. Although she is sorely missed, her position has been ably filled by Ernie Towne, moving from Superintendent of Corrections, after an extensive search. His former post has been taken over by Sidney Bird, who joined us in April of 1994 after extensive corrections experience in Miami, Florida.

The resignation of Nursing Home Administrator John Richwagen necessitated the establishment of yet another search committee and review re resumes. In late November John Will migrated north from Massachusetts to join us as the Administrator of the Grafton County Nursing Home. During the nearly five month interval Office and Personnel Supervisor, Joanne Mann, did an outstanding job as Acting Administrator. Another change at the Nursing Home and Department of Corrections was the addition of Dr David Fagan as Co-Medical Director, joining our long-time Medical Director, Dr Harry Rowe.

Another change in personnel will be the succession, in January of 1995, of a new Commissioner from District 3, Steve Panagoulis of Plymouth, taking over Betty Jo Taffe's seat. Betty Jo, after many years interest in and association with Grafton County, opted not to seek re-election in order to join her husband on his sabbatical. We shall miss her and wish her well, as we welcome Steve to his new responsibilities.

In November of 1993 construction of an expanded Special Needs Unit was completed to the Nursing Home and 20 residents moved into their new quarters. Family Day was held once again for Nursing Home residents and their families, and continues to be a huge success. It is one of the residents favorite annual events. Also, during the year County Nursing Home employees rejected an attempt to unionize, opting instead to continue with the current employee council.

During FY 1994 Grafton County saw the completion of Phase I of the AHEAD, Inc. Community Development Block Grant (CDBG), used to purchase and renovate low and moderate income housing in the Littleton area, and made significant progress on Phase II.

Once again Grafton County observed April 16 - 23 as County

Government Week. Activities included an information booth with educational materials and county employees on hand at the Powerhouse Mall in West Lebanon, an art exhibit at the County Courthouse, and public tours of county offices. The Commissioners also recognized employees for their years of dedicated service to the county. In May a Conservation Field Day for school was held at the Grafton County Farm, and in June the farm hosted an open house.

Financially, fiscal year 1994 was successful, in that revenues exceeded budgeted expenditures by \$738,814, due in part to the unanticipated receipt of nearly a half-a-million dollars of Medicaid Proportionate Share funds, to partially offset the cost of serving a disproportionate share of Medicaid recipients at the nursing home. Human Services costs over which we have essentially no control, continue to rise. Savings effectuated in other departments allow us, in our FY 1995 budget, to keep our increase in revenues to be raised by taxes to 3.1%, with a total budget of \$14,818,299.

A more detailed explanation of FY 1994 is found in our annual report, copies of which are available at our office, which may be reached by calling 787-6941.

The Commissioners hold regular weekly meetings at the County Administration building on Route 10 just north of the County Courthouse in North Haverhill, with periodic tours of the Nursing Home, Department of Corrections, County Farm and Courthouse. The Delegation's nine-member Executive Committee.

All meetings are public, with interested citizens and members of the press encouraged to attend. Call our office at the above number to confirm date, time and schedule.

Once again, we are extremely grateful to all who have helped make several successful transitions, who have worked hard for the county, and who have assisted the Commissioners - dedicated staff members, elected officials, other agency personnel, our many wonderful volunteers, and the public - all of whom have made our job easier and rewarding.

Respectfully submitted,
Grafton County Commissioners

Betty Jo Taffe, Chairman (District 3), Barbara B. Hill, Vice Chairman (District 1), and Raymond S. Burton, Clerk (District 2)

HOLDERNESS RECREATION 1994

Holderness Park and Recreation adopted its new name, Holderness Recreation, by a majority vote, at the March 1994 Town Meeting. The Board members felt the name change would more accurately represent the goal statement as set forth in 1993.

An alternate, Alisoun Hodges, was added to our present five member Board. Established in March of 1993, with staff hired in June of the same year, 1994 was our first full year of operation. Program offerings to begin the year included aerobics for teen/adults, family ice skating, swimming lessons levels toddler thru eight, open gym for adults, gymnastics for beginners and advanced, preschool creative movement, arts and crafts, a Disney On Ice trip, country western dance, and a winter carnival with the area chamber of commerce.

Spring brought more swimming, gymnastics, aerobics, open gym, and country western dance, as well as midnight madness for teens and a fundraiser bake sale to benefit the town christmas party.

During the summer months Holderness Recreation offered tennis instruction, gymnastics clinics, swim lessons at the town beach, a family canoe/kayak trip, and a mid-summer junior high dance. Six weeks of summer daycamp served between 30-40 resident youth each two week session, including swim lessons, arts and crafts, games, camp-outs, theater, library, science center tours, and state park field trips. Many day campers also participated in the 2nd annual old home week festivities and parade, and the Memorial Day parade.

Fall and winter activities included a co-op soccer program with Plymouth Park and Recreation, a fundraising table at the HCS PTA Holiday auction and bazaar, a holiday ornament workshop at the library, town Christmas party, youth instructional ice hockey and recreational ice skating.

Due to unanticipated popularity of certain program offerings thru mid year, the appropriated budget for 1994 proved insufficient to continue to offer programs at that pace and led to the reduction of offerings made available for fall and early winter. Revenues generated from activities and then returned to the town's general fund were \$11,233.00. In accordance with our mission statement, our 1995 budget will reflect our expectations for maintaining and expanding our department to better serve this community.

As we venture into 1995 with returning, popular offerings, as well as some new activities, the Holderness Recreation Board and staff would like to extend sincere thanks to the many individuals, organizations, businesses, and area schools that continue to support our offerings with their generous donations of time, monies, and facilities.

Respectfully submitted,
Janet Hunt-Hawkins, Chair
Gail Maggi
Emile Plasse
Karen Currier, Staff

Paul Elkins
Robert Miller
Alisoun Hodges, Alternate

MINUTES OF HOLDERNESS SCHOOL DISTRICT MEETING MARCH 16, 1994

The annual meeting of the Holderness School District was called to order at 7:04 P.M. by Moderator Tink Taylor. Following the Pledge of Allegiance led by Mike Hayes, the moderator read the school board election results and the rules of the meeting. Arthur Bartholomew and Sam Laverack were re-elected to 3 year terms on the board. No other contests.

Earl Hansen moved, Alisoun Hodges seconded to waive reading the warrant in its entirety. The vote was in the affirmative.

The following business was transacted.

ARTICLE 1: To see if the school district will vote to raise and appropriate the sum of \$930,000 for the renovation of portions of the existing building and construction of an addition to the present school building, including furnishings, equipment, architectural and other fees, site development and any other items incidental to and necessary for construction, on land presently owned by the Holderness School District and to authorize the issuance of not more than \$930,000 of bonds or notes in accordance with provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine rate of interest thereon.

Patti Biederman moved, Fran Taylor seconded.

Larry Gooch, Chairman of the Building Committee gave a presentation on the history of the project, building needs and recommendations and description of the most recent building plan. Various questions and concerns were raised by voters and responded to by Larry Gooch and School Board Chairman, Peter Francesco.

An amendment was offered by Peter Francesco, seconded by Patti Biederman to strike the words "such bonds or notes" from Article 1 and inserting in place thereof: "a 10 year bond or note".

After discussion of the motion to amend, a motion to move the question was made by Jeff Daigneault and seconded by Kathy Huss. The vote to thus limit debate was then passed by the necessary 2/3 majority.

The vote on the amendment to Article 1 (inserting the words "a 10 year bond or note" and striking the words "such bonds or notes") then passed.

A 2/3 majority vote on Article 1 being required under the provisions

of RSA 33:8g, balloting commenced at 8:19 P.M. Balloting remained open for the statutory required 12 hour. Meeting continued while the polls remained open.

ARTICLE 2: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

This article was moved and seconded. Vote was in the affirmative.

ARTICLE 3: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

Earl Hansen moved, Fran Taylor seconded. Vote was in the affirmative.

ARTICLE 4: To see if the School District, in accord with RSA 35:15, will vote to designate the School Board as agents to expend from the school district's capital reserve fund plus any accumulated interest for special education previously established under RSA: 35:1.

Earl Hansen moved, Scott Grey seconded. Vote was in the affirmative.

ARTICLE 5: To see if the School District will vote to purchase a public address system and to raise and appropriate the sum of \$6,000 for this purpose.

Jeff Daigneault moved, Earl Hansen seconded.

Principal, Bob Tremblay, speaking under unanimous consent, explained the components of the proposed sound system with discussion and questions following pertaining to whether this amount was already included in the sum of \$93,000 contained in Article 1 presently being voted upon.

A motion to table Article 5 was made, duly seconded and passed pending clarification of this point.

ARTICLE 6: To see if the School District will vote to approve the cost items included in the collective bargaining agreement reached between the Holderness School Board and the Holderness Education Association, which calls for the following increases in salaries and benefits:

Years	Estimated Increase
1994 - 1995	\$37,750.00
1995 - 1996	\$42,959.00

and further, to raise and appropriate the sum of \$37,750 for 1994 - 1995 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

Jeff Daigneault moved, Earl Hansen seconded. Vote was in the affirmative.

ARTICLE 8: We petition the Town of Holderness, NH to move the day of the School District Meeting to the Saturday following the Town Meeting. (By Petition.)

Jeff Daigneault moved, Earl Hansen seconded. Moderator announced that the petitioned wording was not legal and would have to be corrected.

Peg Winton moved and it was duly seconded, to amend the wording of Article 8 to read "to see if the District will vote to change the date of the Annual School District Meeting to the first Saturday following the annual Town Meeting". Moderator explained reasons for the new wording.

A vote on this amendment to Article 8 then failed.

Article 8 in its original (petitioned) format was then ruled out of order due to its faulty wording.

ARTICLE 7: To see if the District will vote to raise and appropriate the sum of two million two hundred eight thousand three hundred fifty-one dollars (\$2,208,351) for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District.

Jeff Daigneault moved, Martha Richards seconded, to table Article 7 pending the outcome of Article 1.

Motion to table Article 7 passed in the affirmative.

Earl Hansen moved, Jeff Daigneault seconded, to recess the meeting until the ballots for Article 1 were tallied. Vote was in the affirmative.

State of the vote on Article 1 with 190 total votes cast, resulted in 128 ballots "yes" (in the affirmative), 62 "no" (in the negative). None spoiled. Total votes cast verified by Supervisors of the checklist.

The moderator declared Article 1 had passed by statutory 2/3 majority vote required.

Motion made to remove Article 7 from the table was made and seconded. The vote was in the affirmative with discussion resuming.

Motion to table Article 7 for a second time was made by Calvin Huckins and seconded by Earl Hansen. vote was in the affirmative.

Motion to remove Article 5 from the table was made by Calvin Huckins and seconded by Earl Hansen. That vote was in the affirmative.

Need to leave Article 5 in the warrant was explained by Principal Bob Tremblay. Questions and concerns were voiced as to where the sound system showed up in the line item budget, and whether the District would be appropriating \$6,000 twice.

A motion to move the question was made by Earl Hansen and was duly seconded. It passed in the affirmative thus limiting debate.

The vote on Article 5 was then in the affirmative.

Earl Hansen moved, Fran Taylor seconded to remove Article 7 from the table. Vote was in the affirmative opening it to discussion.

Ross Deachman moved and it was duly seconded to amend Article 7 adding the words {which sum includes sums of money already raised under Articles 5 and 6". A short discussion ensued.

The vote on this amendment to Article 7 (School District Budget) was in the affirmative.

Motion for adding portable classrooms to the budget for \$30,000 made by Scott Grey failed for lack of a second. Then Sue Francesco moved the question, Jeff Daigneault seconded. Vote was in the affirmative to limit debate on Article 7.

The vote on Article 7, as amended, was in the affirmative.

ARTICLE 9: To transact any further business which may legally come before the meeting.

School Board member Peter Francesco offered thanks to parents, friends and townspeople for their attendance and support and thanks to the Building Committee for their work on the school addition plan and presentation.

Earl Hansen moved, Jeff Daigneault seconded to adjourn the meeting.

Vote was in the affirmative, and the meeting was duly adjourned at 10:02 P.M.

Respectfully submitted,
Nancy J. Ruhm
School District Clerk

SCHOOL DISTRICT WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Holderness in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on Wednesday the twenty-second day of March, 1995, at 7:00 o'clock in the evening to act upon the following subjects:

ARTICLE 1: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

ARTICLE 2: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

ARTICLE 3: To see if the School District will vote to authorize the School Board to place the amount of Four Thousand Eight Hundred and Thirty Dollars (\$4,830) it will receive from the State of New Hampshire as a catastrophic aid into the District's capital reserve fund for special education. The School Board and Budget Committee recommend this article. (Majority vote required.)

ARTICLE 4: To see if the District will vote to raise and appropriate the sum of two million four hundred thirty-three thousand seven hundred eighteen dollars (\$2,433,718) for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District. The School Board and the Budget Committee recommend this article. (Majority vote required)

ARTICLE 5: To transact any further business which may legally come before the meeting.

Given under our hands this 1st day of March in the year of our Lord nineteen hundred and ninety-five.

INDEPENDENT AUDITOR'S REPORT

To the Board
Holderness School District
Holderness, New Hampshire

We have audited the accompanying general-purpose financial statements of the Holderness School District as of and for the year ended June 30, 1994, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Holderness School District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

In our opinion, except for the effect on the general-purpose financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Holderness School District as of June 30, 1994, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Holderness School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

Grzelak and Company, P.C., CPAs
Laconia, New Hampshire

November 10, 1994

A copy of the Audit of the 1992-1993 School District financial transaction may be reviewed at the Superintendent of Schools Office.

HOLDERNESS CENTRAL SCHOOL PRINCIPAL'S ANNUAL REPORT 1994

The major focus this year at Holderness Central School is the on-going building project. I am very pleased to report that the new addition is nearing completion. The east wing should be completed and in operation by the last week of February. This will, with 5 new classrooms, consolidate grades 6, 7, and 8 to one location. The remaining construction and renovation (computer lab, library, guidance and office space) will be completed early in the spring.

The arts continues to be a source of enrichment for our students. By year's end, we will have had residencies in all grade levels; grades 6-8 worked with Peter Adams of Events Video Productions to gain video editing skills, students in grades 1-5 enjoyed a weaving project under the instruction of Sarah Haskell, and in the spring there will be a cooperative project between Holderness Central School and the Science Center of New Hampshire and Kim Wintje to study wild life habitats and construct bird houses that will be put up on the grounds of both the school and the science center.

Student assessment or testing has received a lot of media attention over the last year. This coverage primarily points to the new state assessment program that was introduced last spring. I want to report to the town that this is only one part of a more comprehensive assessment program at Holderness Central School.

For over the years now, we have been administering the California Achievement Test (CAT) to students in grades 3-8. This year we are extending this to include grade 2. The New Hampshire state program continues to be given to students in grade 3 and this year we will be piloting the grade 6 test. The success that our students demonstrate in these programs is a tribute to their hard work and the dedication of the faculty and staff at Holderness Central School.

As I have said many times, Holderness Central School is a very special place that all people in this community can take pride in. As always, if you have any questions or suggestions about the school or programs, please stop by. We welcome your input.

Respectfully submitted,
Robert D. Tremblay
Principal

HOLDERNESS CENTRAL SCHOOL SCHOOL NURSE'S ANNUAL REPORT

Linda Cowan left some mighty big shoes for me to step into, but with the support of a great faculty and administration, I feel I am able to maintain the high standards of health care provided to all students at Holderness Central School.

The role of a school nurse continues to be one in promoting a healthy environment that is conducive to enhancing good learning. This is accomplished by early identification of health problems, health education and the use of first aid.

Beginning in January 1994—119 students participated in the dental program. Barbara Laverack, R.D.H. performed oral examinations, dental cleanings and instruction in maintaining good dental health.

In April, the immunization clinic was held in the HCS Health Office. The Pemi-Baker Health Agency, Dr. David Cunis and Linda Cowan, R.N. immunized 28 students.

MMR (Measles, Mumps and Rubella) —22 doses to sixth graders, this being a State Immunization Law for entering seventh grade.

Td (Tetanus Diphtheria) —6 doses.

The annual pre-school Vision and Hearing Clinic was held on April 22, 1994 at the Plymouth Congregational Church. Five referrals were made for hearing re-tests by the HCS nurse.

On May 9th and 10th pre-school screening was held at HCS for 21 incoming kindergarten students.

Health physicals were conducted on 41 students in grades 5 and 7 on October 24 and November 8, 1994 by Dr. David Cunis and assisted by Phyllis Chase, R.N.

A report was sent to the State Bureau of Disease Control in November, 1994, which indicated that HCS students again met the State Immunization Laws. All new and transferred students were also in compliance to these laws.

Heights, weights, screening tests for hearing, vision, scoliosis, blood pressures along with head checks were done throughout the school year with referrals sent home as necessary.

Again I express my gratitude for the support of the school personnel, the parents and the community in carrying out our health programs.

Respectfully submitted,
Phyllis Chase, R.N.

SUPERINTENDENT'S REPORT

It is with pleasure that I respectfully submit my second annual report as Superintendent of Schools. I have chosen the following areas of emphasis:

1. Change process at the high school
2. Student population increases
3. Health curriculum
4. Technology
5. Relationship with the college

We are in the process of developing a collaborative decision making model to guide the change process at the high school over the next several years. This process will involve parents, business leaders and other community members as we more clearly identify our mission and goals for students in light of the demands our students will face in the future. For the high school to be successful with each student, we must insure many things. One is that our programs and instruction must be done as a K-12 effort. This continuity and consistency will do much to ensure that students move smoothly from grade to grade and teacher to teacher. This is well underway with the involvement of K-12 staff in the development of curriculum. The result will be a more closely aligned and well articulated curriculum from elementary to high school.

Another is that we are moving rapidly into "the information age". Just as our society moved rapidly from a agrarian age to an industrial age, we are now moving from an industrial society to one that relies on the development of, access to, and distribution of information. For us to insure that students will have the necessary skills to succeed in the 21st century, it is necessary to commit ourselves to the goal that every student possible will go onto some form of post-secondary education. This can take several forms running from one to four year programs and varying from vocational and technical to liberal arts and scientific.

This means we must change the way we teach students. It is more vital than ever to stress the skills of reading, writing, mathematics and technology. In addition, we need to nurture and encourage students to aspire to high expectations and strive to achieve their dreams. We will need your help to accomplish this standard and you will be hearing more about our efforts and ways for you to become involved as the 1995-1996 school year progresses.

While we are trying to improve curriculum and instruction, we are

also faced with an ever growing student population. There are 660 students at the high school at the present time. In the next three years the high school will grow to approximately 900 students. This has implications for staffing and space. While the high school will be able to absorb well over a 100 students for the 1995-1996 school year, it will not be able to sustain growth of that magnitude for very long. As a consequence there will be discussion about the needs for additional space. This year the high school board has asked to have an article in the warrant to discuss the possibility of establishing a capital reserve fund for a future addition. The hope is that such a fund will minimize the peaks and valleys that occur to the tax rate if efforts are not made to plan ahead.

Thornton is also facing a rapidly growing student population. The school has grown very quickly from 190 to 230 students with a projection of 260 students by 1999. This is a significant growth pattern for a small school and it necessitates decisions regarding some form of addition. Increasing student enrollments can also become a concern for other schools within the SAU as the economy slowly strengthens.

During the past two years, our professional staff has worked very hard to develop a health curriculum for Grades K-12 which reflects community consensus. We have worked with a community based group of 72 people made up of parents, clergy, business leaders and others to develop a curriculum that reflects the values of our communities. In addition, we have held public forums in each community to receive input from parents. As a result, we have developed a K-12 health curriculum which covers ten component areas. Approximately 10-15% of the curriculum covers sexuality issues in a very straight forward, matter of fact manner. In addition, and one of the strongly supported results of this work, is that the value of abstinence will be a key area of emphasis. I am very proud of the work the members of the committee have done in this area. They have approached the project in a very sensitive way. They have encouraged and welcomed open dialogue and made the effort to develop a curriculum that they would want their own children taught. As a result, the content and the value of abstinence are sincere.

Technology has become the fourth basic skill after reading, writing and arithmetic. A technology plan was developed for the SAU three years ago and as a result it recommends that 1% of the budget annually be devoted to technology. In addition, the high school has recently completed its own study of technology with the participation of business and community members. They also endorse at least a 1% budget for technology in the future. You will see this reflected in an article in the warrant for the high school and will begin to see this reflected in elementary school budgets as well. By perusing budgets you will soon conclude that

this may not be possible every year because of uncontrollable financial issues such as the loss of revenues or increase in special education costs. Over the next few years, we will do our best to honor this recommendation.

I also want to take the opportunity to express my on going admiration for the commitment that Plymouth State College has made to working with and assisting the public schools in the area. This has not only extended to such traditional contacts as student teachers and methods students, but also in efforts made in the area of computers and technology, the theater program, the arts, as well as staff training in such areas as mathematics and language arts. The college has also helped us with special projects such as improving kindergarten programs and seeking common grants for both training and equipment in a number of areas. The staff at the college is always accessible and helpful. I am proud of the strengths of the schools within the SAU and am grateful that one of the contributing factors is the college's support and involvement.

This report would not be complete without expressing my appreciation to our community members, board members and professional and support staff in our schools. There is a strong desire here to develop and sustain quality schools. This is a refreshing and motivation factor for me and I greatly appreciate the support and encouragement that many of you have extended.

Respectfully submitted,
John W. True, Jr.
Superintendent of Schools
